## LAST REMAINING

WITH views overlooking St Pauls, there are just three penthouses left at the Rogers Stirk Harbour + Partners-designed NEO Bankside towers, sitting next to the Tate Modern. The glass and steel double-height spaces have an industrial look that's cutting-edge

contemporary, and outside triple-aspect roof terraces make the most of the incredible river views. The four-bed duplex B1601, has more than 7,000 sq ft of space and comes in at £19.75m, but one of the others is a relative bargain at £6.75m. [neobankside.com](http://neobankside.com)
